experience

Front-end developer & designer

San Francisco, CA | 2007 – present

I offer graphic design, site planning, site design and implementation, and other front-end services on a freelance and contract basis. Past clients include small businesses and individuals, as well as agencies representing high-tech and bio/medical firms.

CNN.com

Atlanta, GA | 8.2008 – 5.2013

Senior news designer (2011 - 2013). Designer (2008 - 2011). Responsible for quick-turn projects including infographics, maps and charts, and long-form multimedia stories. Part of the teams that won CNN Peabody Awards for the 2008 Presidential Election and the 2010 BP oil spill.

Founding contributor of CNN's LightYears, helping cover breaking space and science news with original writing. Also helped establish and run @CNNLightyears, a verified Twitter account.

BorderStories

US/Mexico Border | 3.2008 – 2012

Producer and webmaster for award-winning multimedia documentary borderstories.org. Owned system administration, visual identity and site development.

Janet Jarman

San Miguel de Allende, GTO, Mexico | 10.2007 - 5.2008

Long-term contract as multimedia producer with international photographer, responsible for capturing and editing audio and video, as well as site design and development for her clients.

skills

Javascript/jQuery, HTML, CSS3 and Sass.
A smattering of PHP and Ruby on Rails.

Photoshop, Illustrator, inDesign and Flash.
Wordpress, including theme development, and front-end development for Drupal 7.

Experience with responsive /mobile-first design.

interests

More than a digital maker! I'm an amateur bench jeweler, photographer, and knitter.

I'm also a certifiable space nerd, and I speak fluent Spanish.

education

M.A. Museum Studies
Johns Hopkins University (2014)

M.A. Journalism & Mass Communication
University of North Carolina, Chapel Hill (2007)

B.S. Communication
Boston University (2005)
